

stealth = hidden, secretive.

The **StealthLock**[®] is an invisible, keyless cabinet locking system.

For more information,
call **847.752.2600**
or visit **stealthlock.com**
to view installation and
programming videos.

**Perfect for wood applications
in Education, Healthcare, Office
and other areas**

- ◆ Radio frequency technology permits the Transmitter Pad to be stored anywhere – leaving no trace of visible hardware or signs of being secured
- ◆ Allows multiple wood cabinet doors or drawers to be locked from a single transmitter pad within a 15 ft. range
- ◆ Easy to install – takes less than 10 minutes
