SELF-LOCKING  
**SlamCAM**

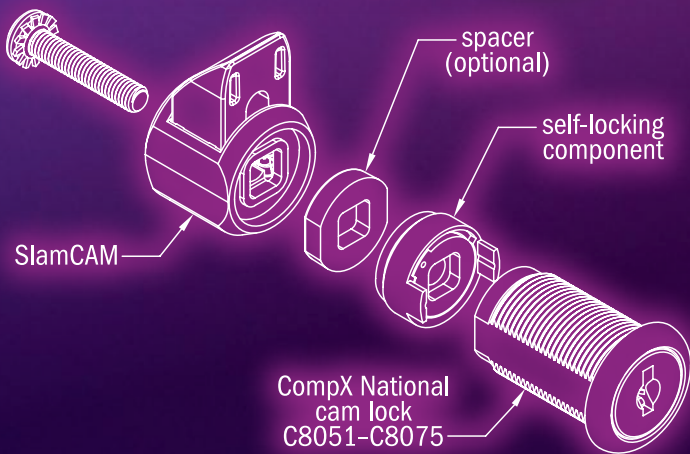

**SlamCAM converts CompX National cam locks into self-locking — just close the door or drawer.**

**Two unique features in one package: self-locking and a spring-loaded latch.**

True convenience — release the key, and the self-locking component automatically returns the lock, along with SlamCAM, to the locked position.

- ◆ Retrofits CompX National cam locks C8051 through C8075
- ◆ Helps eliminate security concerns; slam the door and it's locked
