

# CompX eLock<sup>®</sup>

## One solution for two requirements

**CompX eLock<sup>®</sup> logs temperature data points and provides programmable charts, graphs and reports.**

- ◆ Prevents human error
- ◆ Automatically records temperature at programmed intervals
- ◆ Escalating notification system sends alerts via email, text, phone or fax
- ◆ Data history is archived and easily accessible for audits
- ◆ Uses 802.11g wireless protocol or Ethernet communication on existing networks

**With thousands of applications, CompX eLock<sup>®</sup> improves medication and inventory control, resulting in substantial savings.**

- ◆ Programs up to 3,000 users
- ◆ LockView<sup>®</sup> software provides audit trails of the last 15,000 access attempts, including date, time and user name
- ◆ Three modes of access: Keypad, HID proximity card\*, magnetic stripe card\* *\*Use existing identification cards*
- ◆ Motor-driven latching mechanism provides the convenience of automatic re-locking
- ◆ Complies with strict regulatory security standards

**((( WIRELESS OR ETHERNET )))**

Non-network units also available.
