Security

Very low

Virtually impregnable to pulling, punching, drilling and other common physical attacks

Lock Construction

Die-cast

Precision machined brass barrel, steel face plate, and dual side bar mechanism assure maximum protection against forced entry

Key compatibility with underground fuel cap

No

TuBAR high security locks can be keyed alike to the Tank Commander

Existing locks vs. TuBAR High Security Locks

EFT AND FREE FLOW VENDING!

HIGH SECURITY KEYS

SPECIALIZED 1 1/16" LOCK

Skirt door lock with attack resistant cam

Vista 2 & 3 CAT door lock

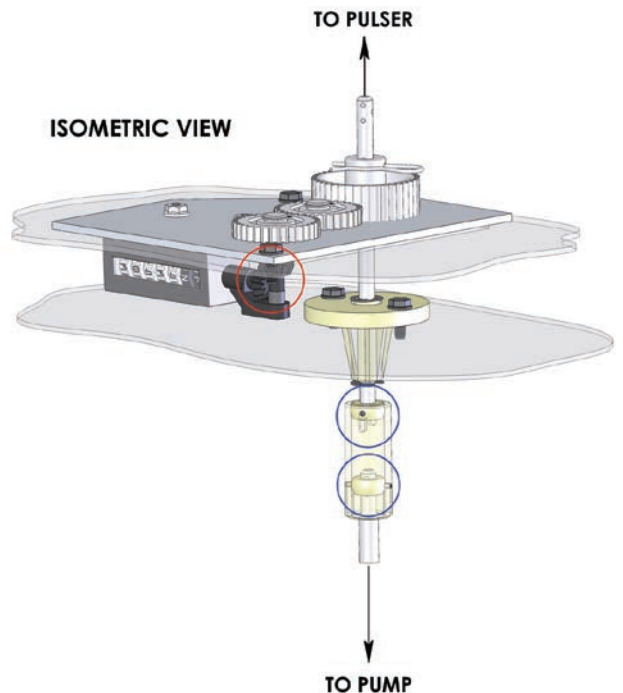

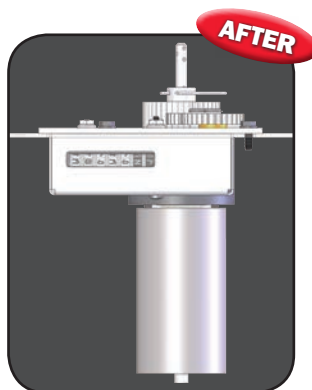

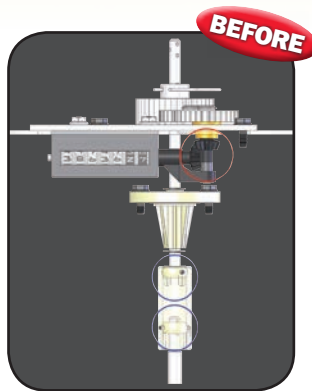

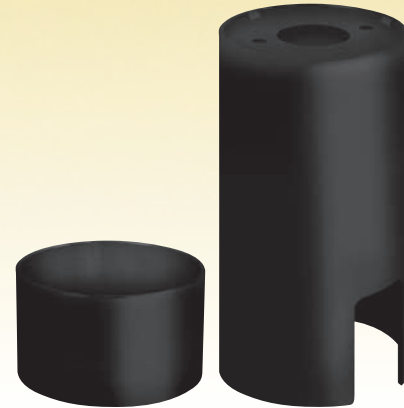

Totalizer fuel security cover

- ◆ Stainless steel
- ◆ Covers and protects "free vend" gears on Gilbarco Advantage
- ◆ Stop replacing pulser drive shafts and stop losing fuel!
- ◆ Most effective with new CRIND and skirt door locks
- ◆ Easy field retrofit
 - Comes with instructions; also available online: comp.com/gssp
 - No drilling

Pulser cover

- ◆ Stops gas theft at Pulser
- ◆ Stainless steel construction
- ◆ Easy to install
- ◆ Protects pulser drive shaft in skirt and vent areas

Totalizer and Pulser are specially designed for Gilbarco Advantage.

FUEL THEFT FROM UNDERGROUND TANKS

Tank Commander features:

US Patent 8,240,500.

Tank Commander fits all certified Phase 1 Vapor Recovery Systems: Phil-Tite, OPW, EBW, CNI and EMCO Wheaton

- ◆ Stainless steel construction
- ◆ Vapor recovery seal remains intact
- ◆ Low profile fill cap included
- ◆ Fits common bronze adapters
- ◆ 24/7 protection for diesel and gas

TuBAR high security locking

- ◆ TuBAR® lock for maximum key control
 - No key blanks available except from factory
 - Key series registered to your store(s)
- ◆ Keyed alike available - use the same key for both Tank Commander and dispenser

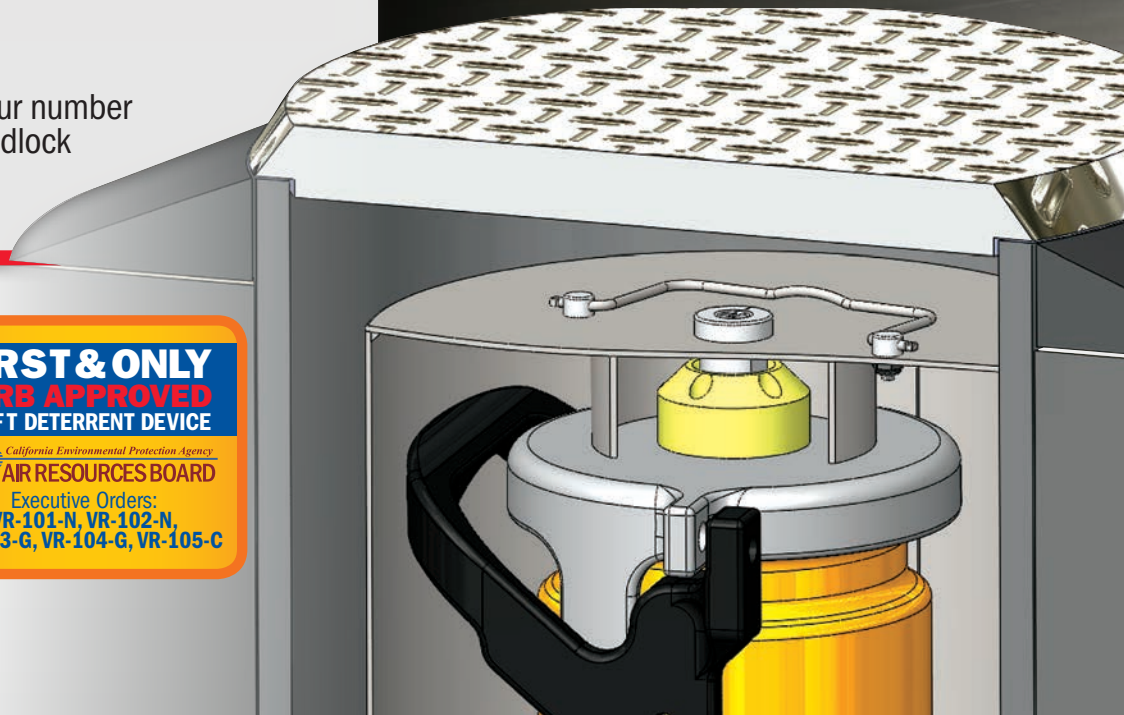

Keyless convenience

- ◆ Available with heavy duty four number changeable combination padlock
- ◆ Or use existing padlock

TuBAR high security locking

Keyless Convenience
