INTRODUCING...
SECURITY BOX
WITH *CompX eLock*®

ACCESS CONTROL DEVICE WITH AUDIT TRAIL

(installed on existing cabinet)

CompX eLock features:
- Can be installed on existing cabinets
- Provides an audit trail of access attempts
- Uses existing credentials: Prox cards, Smart cards and Magstripe cards, as well as Keypad access
- Wi-Fi or Ethernet and non-network units available

Network features:
- Utilizes 802.11g wireless protocol or Ethernet communication on existing networks
- Enables two-way communication via common security encryption methods: WEP 64-key, WEP 128-key, WPA-PSK (TKIP), WPA2-PSK (AES) and other enterprise-class wireless security
- LockView® software sold separately

NEW! Security box:
- Factory installed CompX eLock – choose from Wi-Fi, Ethernet and non-network
- Used for narcotics or supplies when no existing cabinets are available
- Heavy duty construction: seam welded 14 gauge steel
- Auto-relocking door with mechanical key override
- Door position switch provides alert notifications
- Approximate* box dimensions: 13" wide, 11" tall, 9" deep

* *See Narcbox sheet on compxelock.com for precise specs*
