

StealthLock®

Keyless, Invisible Cabinet Locking System

Perfect for wood applications in Education, Healthcare, Office and other areas

- ◆ Radio frequency technology permits the Transmitter Pad to be stored anywhere
- ◆ Allows multiple wood cabinet doors or drawers to be locked from a single transmitter pad within 15 ft. range
- ◆ Easy to install – takes fewer than 10 minutes
- ◆ 9V Jump cord can be installed in an accessible but inconspicuous location – eliminates low battery concerns; correct PIN code still required
